PROENERGY WELCOMES NEW SENIOR VP BUSINESS DEVELOPMENT

SEDALIA, Mo. (August 14, 2017) – ProEnergy is pleased to announce that Walt Kittrell has joined ProEnergy as Senior VP of Business Development.

Walt brings nearly 30 years of heavy industrial experience to his new role. He worked his way up through numerous trades from a boilermaker and pipefitter to a Project Superintendent. Walt also worked for NPPD in Columbus, Nebraska as a Project Coordinator, overseeing contractors at Cooper Nuclear Station on several refueling outages. Prior to joining ProEnergy, Walt served as an officer and VP of Business Development for Fagen, Inc. for over 23 years. His responsibilities at ProEnergy will help lead the efforts on balance of plant work through a wide variety of industries.

“Working numerous roles on every level of a project has provided him hands-on, practical experience that is difficult to match through any other method,” said ProEnergy CEO, Jeff Canon. “He brings so much knowledge and energy as we work to expand our balance of plant service offerings.”

ProEnergy is responsible for the construction, management, operations, maintenance, and repair services for energy generation facilities and equipment around the world. ProEnergy has U.S. offices in Sedalia, Missouri; Houston, Texas; and Fort Collins, Colorado; and international locations in a number of countries including Canada, Argentina, Brazil, Mexico, Pakistan and Angola. More information is available on ProEnergy’s website at www.proenergyservices.com.
