**PROENERGY SERVICES AWARDED CONTRACT**  
**EPC Specialists Awarded Nearly \$100 Million in Contracts for Engineering,  
Procurement and Construction of Two Power Plants in Pakistan**

ProEnergy Services President, Jeff Canon has announced that the company's EPC division has been awarded the engineering, procurement and construction contract for two Pakistani power plants. The two natural gas fired plants will produce a combined 160 megawatts of electrical power, according to Iqbal Z. Ahmed, founder and chairman of Associated Group. Affiliates of the group are majority partners in the business.

Pakistan Power Resources, an Oklahoma based limited liability corporation is the owner and developer of the plants. Recently, Ahmed, his associates and David Walters, a former Oklahoma governor and President of Walters Power International, visited ProEnergy Services headquarters in Sedalia, MO. "We were honored to have them visit our facility and we are certainly looking forward to getting started on these important energy projects for the people of Pakistan," said Canon.

ProEnergy Services is an integrated service provider that delivers cost-effective, safe and reliable service to the global energy industry. The company has U.S. offices in Sedalia, MO; Atlanta, GA; Houston, TX; Tulsa, OK; and overseas locations in Argentina, Mexico, Venezuela, Pakistan, Panama and Ghana. More information is available on its website at [www.proenergyservices.com](http://www.proenergyservices.com).
