PROENERGY ANNOUNCES SALES CONTEST WINNERS

ProEnergy Services recently announced the winners of their 2012 Sales Contest at a company celebration. When the contest kicked off last May, members of the sales team were encouraged by CEO Jeff Canon to “Drive Sales and Drive a Car”.

“The goal of the sales contest was to motivate our sales team.” said Canon. “We also wanted to reward them in a big way for their exceptional efforts so we chose the option of a new car or truck as the Grand Prize. I am very proud to say this team worked hard to accomplish that goal.”

Danielle Kennedy, Sales Associate, earned the grand prize in a race that stayed close until the finish line.

Other winners included:

1st runner up, Britt Smith- All-inclusive ocean-front vacation

2nd runner up, Chris Mayfield- Weekend trip to the US city of his choice

3rd runner up, Diego Beithia- Weekend in Branson

ProEnergy Services is an integrated service provider that delivers cost-effective, safe and reliable services to the global energy industry. The company has U.S. offices in Sedalia, MO; Houston, TX; and Fort Collins, CO; and international locations in Argentina, Venezuela, Brazil, Panama, Pakistan and Angola. More information is available on its website at www.proenergyservices.com.
