PROENERGY WORKS POWER-GEN

ProEnergy Services recently exhibited at Power-Gen International, a trade show focused on the power industry's latest trends and challenges.

Marking the event's 20th Anniversary, Power-Gen International, produced by Pennwell Publishing Corp., was held Dec. 2-4 at the Orange County Convention Center in Orlando. 17,000 industry professionals from 76 countries were in attendance.

Power-Gen International featured the world's largest industry exhibit floor with more than 1,200 companies. Those in attendance were able to learn from thousands of experts about the technology and trends on the forefront of the power industry's future. All of ProEnergy's eight lines of business were represented at the show with ProEnergy management and sales staff working with customers and prospects at the booth and throughout the exhibit hall.

ProEnergy is an integrated service provider that delivers cost-effective, safe and reliable solutions to energy clients throughout the world. The company has U.S. offices in Sedalia, MO; Atlanta, Tulsa and Houston; and overseas locations in Argentina, Mexico, Venezuela, Pakistan, Panama and Ghana.
