PROENERGY RENEWS O&M CONTRACT WITH UTE CUETO-SOLUCIONES

SEDALIA, Mo. (January 23, 2014) – ProEnergy has been awarded the operations and maintenance contract renewal with ESPCA, a partner of UTE Cueto-Soluciones, on a GE Frame 6B Power Barge in Angola, Africa. In addition, ProEnergy has retained a Master Service Agreement which will include a hot gas path inspection, outage services and capital parts supply.

“ProEnergy has worked hard to maximize plant availability, execute successful outage work and provide quality staff over the past two years,” said Jeff Canon, ProEnergy CEO. “This committed partnership has proven beneficial to both UTE Cueto and ProEnergy, and we look forward to additional successes under our continued contract.”

ProEnergy is responsible for the construction, management, operations, maintenance, and repair services for energy generation facilities and equipment around the world. The Company’s extensive capabilities and commitment to quality and safety has led to its expansive growth. ProEnergy has U.S. offices in Sedalia, Missouri; Houston, Texas; and Fort Collins, Colorado; and international locations in a number of countries including Argentina, Venezuela, Brazil, Panama, Pakistan and Angola. More information is available on ProEnergy’s web site at www.proenergyservices.com.
